WAR OF THE REALMS TIE-IN!

The Dark Elf King Malekith and his allies have conquered Earth! At least, they THINK they have — and they've divided the spoils accordingly, with the Enchantress raising an army of the dead and staking her claim on South America. But if the Enchantress is expecting a royal welcome, she's forgotten what she's dealing with — Earth isn't going down without a fight. And as Captain Marvel leads DOCTOR STRANGE and BLACK WIDOW into the land of the dead, nothing about this mission will be what our heroes expect.

Captain Marvel's got a magical right hook — but what happens when she loses her mighty fists? When a powerful spell from the Enchantress causes Carol and DOCTOR STRANGE to body-swap, everything about their mission is called into question. What was once a covert ops mission with BLACK WIDOW to take down the Enchantress and her "Land of the Dead" is now a comedy of errors — casting spells wasn't exactly covered in Carol's military training. But Carol Danvers is more than her powers, and the Enchantress is about to discover that the hard way.
